11 July 2022

DR. PATRICIA B. ARINTO

College Dean

UP Visayas Tacloban College

Dear Dean Arinto:

Warm greetings!

We are writing this letter in connection to the implementation of the LAKES Danao Program, which started last October 2020 and will end in September this year. Projects LaWaQ and FibRE are conducting bimonthly sample collection, where the samples are brought to DNSM, UPVTC for processing and analyses.

In this regard, we would like to request that your office **allow our research team to use the following laboratory rooms** to process and analyze samples collected: Chemistry Laboratory, Microbiology Laboratory, Botany Laboratory, Zoology Laboratory, Instrument Room, and Wet Laboratory. Moreover, we would like to request to **allow our research team to stay beyond working hours, overtime if necessary, from July 12 to July 24.**

Below are the names of the members of the Projects LaWaQ.

*Project LaWaQ: **Dr. Rolly G. Fuentes; Eugie V. Cinco; Nikko Gabriel B. Aquino***

We hope for an affirmative response to our request. Thank you for your usual support.

Respectfully yours,

DR. ROLLY G. FUENTES

Project Leader, LaWaQ

VICTOR M. ROMERO II

Program Leader, L.A.K.E.S. Danao Program

Recommending Approval,

DR. JOHN PAUL T. YUSIONG

Chair, DNSM
